

nigel risner

The only motivational speaker in Europe to have been awarded Speaker of the Year from The Academy for Chief Executives, The Executive Committee and Footdown Nigel is a respected author, television presenter and a prolific speaker. He speaks with authority: his own life having veered perilously away from comfortable norms at times. He has learned that positive results can come from negative experiences, and that we often learn best from situations which are unfamiliar and even uncomfortable.

As one of the youngest CEO's of a financial services company in the City of London, Nigel knows business as well as he knows life and more importantly he knows what it takes to lead a successful business! He has the ability to translate - with electrifying effect - that hand's on experience into a coherent, compelling and exciting philosophy. His books *The IMPACT Code* and "It's a zoo around here" and the new rules for better communication have sold in their thousands and are literally transforming lives around the world.
